

Study Title: Social, ethical and behavioural aspects of COVID-19

Short Title: SEB-COV

Advertisement for survey

What do you think about quarantine, isolation or social distancing? Have you come across any misinformation or rumours around COVID-19? Are you 18 years old or over and currently live in Thailand, UK, Malaysia or Italy?

Please consider contributing to our research study on COVID-19 public health interventions and information requirements, by completing our online survey:
