

**Study title:** Social, ethical and behavioural aspects of COVID-19

**Short Title:** SEB-COV

### **Qualitative Interview guide**

#### Opening

1. Can you tell me about yourself?
  - a. *Probe: age, job, family situation, living situation*
2. Can you tell me how the last couple of weeks have been for you?
3. How has your life changed because of COVID-19?
  - a. *Probe: Are there aspect of your life which feel like they have not changed because of COVID-19?*

#### **Response to social isolation/ social distancing/ travel restrictions/ quarantine**

4. Do you know what are the interventions that the Thai government has put in place to deal with COVID-19?
  - a. Prompt – what are they? (*to support reflection, only if needed*): These measures include: social-isolation, social distancing, travel restrictions and quarantine
5. What do you think about those intervention?
6. What measure has impacted you the most?
7. Could you tell me about the impacts this has had on you (and your family)?
  - a. *Probe both positive and negative (only if necessary)*
    - i. *Positive (e.g. more time with family/children, less time commuting, doing more regular sport/walks outside);*
    - ii. *Negative (e.g. lost wages, challenges in child care, food and household supplies, loneliness)*
8. Have you made any changes to your daily life to cope with those intervention?
9. Are there things that you think could help you cope better with the current interventions?
10. How do you think your friends and family are responding to the new measures?
11. How do you think other people in the general public are responding to the new measures?
12. Were there times when you weren't able or didn't want to self-isolate/practice social distancing?
13. If you weren't able to self-isolate, or respond to other intervention, what did you do?

#### **Wellbeing and mental health**

14. What is your feeling in relation to COVID-19?
  - a. Prompt - Do you feel fearful about anything?
15. Have you done anything to support your wellbeing
  - a. Prompt – physical and mental health
16. Is there something you think could help support your wellbeing and mental health in the current situation?

#### **Information, misinformation and rumours**

17. Where do you get information on COVID-19?
18. What do you think about the information you receive?

19. How much do you trust different sources of information?
20. Do you have any suggestions of how information could be delivered better?

**Ending**

21. If there is one thing that you would like to know about COVID-19, what would it be?
22. If you could suggest one thing to improve your situation, what would it be?
23. Do you have any general comments that you would like to add?
